

Office Development, Oxford Road, High Wycombe

August 2000

Main Contractor: Dove Bros. Ltd.

Working as specialist subcontractor to Stent Foundations Ltd., Systems Geotechnique designed and constructed a total of 5No. temporary and 15No. permanent anchorages. The anchorages, founded in chalk, were designed, installed and tested in accordance with BS8081 and were to support a retaining wall comprising 600 and 750mm contiguous bored piles.
